Louis Benton Steakhouse in downtown Grand Rapids has been a customer of Professional Pest Management since our grand opening. Our relationship with Professional Pest Management has proven to be very beneficial. We are confident in their ability to help us maintain a pest free environment, displaying their passion for quality. Professional Pest Management provides us with thorough inspections and monitoring; when materials are used they are placed with caution.

We expect all of our vendors to provide Louis Benton Steak House with their highest quality. They are to be competitive, have concern for our business, respect for our staff, and conduct themselves honestly.

Professional Pest Management provides us with the service we expect. I know you will be as happy as we are with their high standards of excellence.
